

Go2Fun

Cover Charge

Enticing Miss Money Honey  
To *Dance Like Nobody's  
Watching*

# There You Are — Money In Hand

The problem is ... big bills makes us nervous.  
We can't handle CHAnGE very well.

Lifetime access to **Go2Fun Boutique** is granted  
for a low one-time Cover Charge payment.  
[See [Go2Fun Home Page](#) for current amount.]

Miss Money Honey will then start dancing the  
Light Fan-tastic.

You get lifetime access to ALL the personal,  
adventurous and fun travel stories, books and  
series such as *My 65+ Years Of Motoring*.

So, now you've paid your money.

*What happens next?*

# Welcome To The Society Of **Free Riders**

After payment, you'll receive an email receipt from **Pay-Pal**. (Without “upsells” or other sales gimmicks.)

It will include the email/password protected URL to the inner sanctum of Go2Fun Boutique.

Go to the URL you've just been given and register your chosen **email** and **password**. Once registered, you'll have *lifetime access* to ALL Go2Fun Projects.

You're now a **Free Rider**. You may enjoy the content any way you wish. It's FREE and **uncopyrighted**.

You're invited to send the content to anyone you wish.  
(a.k.a. passive non-intrusive Go2Fun Stealth Marketing.)

All things considered, you have a sense of OWNERSHIP  
no other “book” on the planet can equal!

Over time, we think enough folks will want to enjoy the **convenience** of direct access to Go2Fun by paying the small Cover Charge and joining the Free Riders.

They won't want to sit around the campfire waiting for someone to send them free stuff.

# Money Changing Hands *Then and Now*

Our Go2Fun payment concept is unique. Especially our providing free and uncopyrighted content for a **one-time** Cover Charge.

A charge that *will* periodically increase for **New Free Riders** as we add more stories in the future.

When Miss Money Honey dances, we promise not to wear the silly hats and snarky expressions like the skinflints on the left.

Surely, both are grinding their teeth with mouths full of [alum](#). Cranky Ol' Fusses, they must surely be.

Too often, the old way of money changing hands was fraught with subterfuge and risk. While risk and deceit will always exist. They can be exposed and isolated in today's world.

What in hell is a [Blockchain](#)?

**Today**, the Internet makes exchanging money safer, faster and more dynamic. Even greater protection against fraud will arrive with blockchain based systems.

**Tomorrow**, smart contract and smart property systems promise to be near-instant, fraud-proof and ubiquitous.  
*However, first things first ...*

# *What Are Your Guarantees And **Refund** Policies?*

Birth of Venus by Botticelli

*Will we love you for them?*

# Probably Not

*You see, we have a “**No Refund**” Policy.*

*And, we don't guarantee or warrant anything to anyone either.*

Yes, we know this may cause an attack of [\*delirium tremens\*](#) in a few potential customers. So be it.

An instant cure, of course, is to **not buy** and wait for someone to send you the free stuff. It can happen. If you're patient.

**You're buying access to a SERVICE.** An ongoing service.

The service rendered is our **act** of creating the Go2Fun Projects. After the service is performed, it can't be undone.

Besides, the policy of “no refund” SIMPLIFIES our entire business concept in significant ways.

**Your Total Risk Is The Low One-time **Cover Charge**.**  
**Your **Cost** To Gain Lifetime Access To All Go2Fun Projects.**

You see, you're **not** buying the actual aircraft to own and fly around the wild blue yonder.

You're buying the right to sit your fanny in the **pilot's seat**. A control throne that's safer and less drafty.

Especially when flying on the *Winds of CHAnGE*. This means, over time, we can make repairs, updates and upgrades to the aircraft systems. Even add new motors.

Adding new stories just as soon as they're done.

Naturally, we'll notify you of new stories so you'll always be flying the best airplane available. Overall flight quality improves in a major way over time. VFR all the way.

***I'm NOT copyrighted, you idiot!***

## Go2Fun Boutique Hair Salon

*Where stylish **Free Riders** get ready to see Miss Money Honey dance.*

# ***Will I Become “Hairless Joe From Hannibal, MO?”***

Might I feel cheated and *heavily put upon* after paying my Cover Charge?

We're not out to skin you alive; we just want to receive fair and reasonable compensation for services rendered.

## **What we deliver:**

- Stories we think you'll find interesting, easy to read and great **fun**.
- Researching, planning and curating information and knowledge related to the selected Project.
- Creating the content using ALL-media and ALL file formats /extensions as required.
- Lifetime access the **Go2Fun** website after a small one-time Cover Charge.

## How does Miss Money Honey Dance?

**Carefully** like a polar bear about to lose her dignity and self-esteem. She who got laid bare (stifle yourself) by the winds of CHAnGE and mortified over losing her feathers.

Without mixed-metaphors we would surely die. :-)

[Go2Fun](#) uses PayPal exclusively.

We'll add crypto-currencies after they're more seasoned and trouble free. It won't be long.

Meanwhile, check out our current [Cover Charge](#).

*Nearing a complete loss of dignity, this Pitiful Bare-Thing has experienced a significant Come-To-Jesus-Moment and now believes in Global Warming.*

*Don't doubt us.*

[Al Gore sent us the photo proving it's true.  
No fake news here; HaySoos would crucify us.]

***Now YOU can dance like nobody's watching!***

[Ignore the initial ad – That's YouTube's doing.]
