Enticing Miss Money Honey  
To *Dance Like Nobody's  
Watching*

# There You Are — Money In Hand

Big bills makes us nervous. *Could it be we can't handle CHAnGE very well? :-)*

[See [Go2Fun Home](#) for the current amount of Cover Charge.]

Paying a low one-time Cover Charge enables you to take part in the **Go2Fun Free Rider Community**. To be a [PROSUMER](#).

You act as a consumer *and* a producer. You get Instant and convenient access to everything in our Content Cloud. You gain an **experience** no other "book" can equal. *None.*

**The right to take part.** You're invited to tell your *personal* story relating to any of our FutureBook Projects.

Everyone gets to read and enjoy your story.

You can talk about it with other Free Riders in the Go2Fun Forum. You're part of the community.

You may even duplicate our "New Economy" Business Concept. Or, contribute a PDF related to a FutureBook Project.

So, now you've paid your money.  
*What happens next?*

# Welcome To The [Free Rider](#) Community

You'll receive an email receipt from **PayPal**. There won't be any attached "upsells" or other marketing cow plop.

It will include the URL for our web page containing an introduction, TYPS criteria PDF and submission form.

An open door for you to take part in any of the Future-Book Projects.

Especially to *Tell Your Personal Story (TYPS)*.

Over time, plenty of folks will want to enjoy the fun and experience of being a **Prosumer**. That is, acting as a consumer *and* a creator. It's the New Economy.

Free Riders enjoy the company of Royal Creators.

# Money Changing Hands

## Then and Now

Our Go2Fun Boutique monetization concept is unique. Using both Donations and a Cover Charge, it allows readers to become Prosumers. Or, remain devout consumers only.

Donations can be any amount. The Cover Charge increases for New Free Riders as we add more content.

As Miss Money Honey dances, we promise not to wear silly hats and snarky expressions. Like the skinflints on the left.

Surely, both are grinding their teeth with mouths full of [alum](#). Cranky Ol' Fusses, they must be.

Too often, the old way of money changing hands was fraught with subterfuge and risk.  
Risk and deceit will always exist. They need exposure and isolation in today's world.

What in hell is a [Blockchain](#)?

**Today**, the Internet makes exchanging money safer, faster and more dynamic. Even greater protection against fraud will arrive with blockchain based systems.

**Tomorrow**, smart contracts and smart property systems promise to be ubiquitous. Near-instant and fraud-proof. *However, first things first ...*

# What Are Your Guarantees And **Refund** Policies?

Birth of Venus by Botticelli

***Will we love you for them?***

# Probably Not.

You see, we have a **“No Refund” Policy**.

*And, we don't guarantee or warrant anything to anyone either.*

Yes, we know this may cause an attack of [delirium tremens](#) in a few potential Free Riders. So be it.

An instant cure, of course, is to **not buy** and remain a consumer.

**You're buying the right to be a PROSUMER.** To act as a consumer *and* creator.

To help create and fill the Go2Fun Content Cloud. And to enjoy the social benefits of the Free Rider community.

Go2Fun policy of “no refund” SIMPLIFIES our entire business concept in significant ways.

## Your Total Risk Is The Low One-time **Cover Charge**.

The **cost** of becoming a PROSUMER for everything in the Go2Fun Content Cloud.

You see, you're **not** buying the actual plane for flying around the wild blue yonder.

You're buying the right to sit your fanny in the **pilot's seat**. A control throne that's safer and less drafty.

Especially when flying on the *Winds of CHAnGE*. This means, over time, we can make repairs, updates and upgrades to the aircraft systems. Even add new motors.

Adding new stories as soon as they're done.

Of course, we'll notify you of new stories so you'll always be flying the best airplane available. All things considered, flight quality improves over time. VFR all the way.

***I'm NOT copyrighted, you idiot!***

## Go2Fun Boutique Hair Salon

*Where stylish Free Riders get ready to see Miss Money Honey dance.*

## ***Will I Become “Hairless Joe From Hannibal, MO?”***

Might I feel cheated and *heavily put upon* after paying my Cover Charge?

We're not out to skin you alive. We only want to receive fair and reasonable compensation for services rendered.

### **What you get:**

- Stories audiences will find interesting, easy to read and great **fun**.
- Researching, planning and curating information and knowledge related to the selected Project.
- Content Cloud using ALL-media and ALL file formats /extensions as required.
- The fun and enjoyment of being a PROSUMER.

## How does Miss Money Honey Dance?

Well, not like a polar bear about to lose her dignity and self-esteem. She who got laid bare (stifle yourself) by the winds of CHAnGE and mortified over losing her feathers.

Without mixed-metaphors we would deteriorate into an irretrievable catatonic stupor.

**[Go2Fun](#) Boutique uses PayPal only.**

We'll add crypto-currencies after they're more seasoned and trouble free. It won't be long.

Meanwhile, check out our current [Cover Charge](#).

*Nearing a total loss of dignity, this Pitiful Bare-Thing has experienced a significant Come-To-Jesus-Moment. She now believes in Global Warming.*

*Don't doubt us.*

[Al Gore sent us the photo proving it's true.  
No CNN fake news here; HaySoos would crucify us.]

JustSomeMotion (JSM) - Deka TV Spot (Extended Version) - Jamie Berry Feat. Octavia Rose - Delight

*Now YOU can dance like nobody's watching!*
